

TopNotch Safety Infant and Child Safety Resources

American Academy of Pediatrics – healthychildren.org

Topics such as *Ages and Stages* and *Safety and Prevention*.

Center for Children with Special Needs – cshcn.org

Click *Childcare*, then *Schools and Community*, then *Safety Tips* for handouts, checklists, and related links covering fire, water, car and other safety tips by diagnosis.

Consumer Product Safety Commission (CPSC) – cpsc.gov

Site includes videos about product recalls and a search feature by topic (car seats), manufacturer (Gerber), and more. Has links for pools and spas and cribs. More than 11M cribs have been recalled in the past 4 years.

Kids Health – kidshealth.org

Information to help you learn how to protect your child inside the house and out, what to do in an emergency, how to stock a first-aid kit, where to call for help, and more.

March of Dimes – marchofdimes.com

Information on preparing for and caring for your baby. On homepage, go to *Select a Category*, then scroll to *Baby*, then *Caring for Your Baby*, then *Your Baby's Environment* or *Baby Gear*.

Safe Kids – safekids.org

The *Parent Center* focuses on safety at home, at play, and on the way. Tips offered by age or activity so you can easily find the information on *Safety Basics and Guides*, *How to Keep Children with Special Needs Safe in the Home* and *Recalls*. Car seat check-ups and laws.

Safety Restraint Coalition – 800bucklup.org

Washington's independent authority on vehicle occupant protection and child car seats. Information on laws, car seats & boosters, fit and installation, buckling-up & technicians.

Seattle Children's Hospital – seattlechildrens.org

The *Safety and Wellness* icon at the top of homepage leads to videos and articles on first aid, injury prevention, and specific safety topics for infants. Also has information about child health issues, when to call the doctor, classes and events, including car seat safety checks, as well as a search feature.

Washington Poison Center – wapc.org

Site has a poison first aid section covering inhaled poisons, skin exposures, eye exposures, swallowing too much medicine, the wrong medicine or something that is not food or medicine.

American Heart Association – Pocket First Aid and CPR app

American Red Cross – First Aid app

There are countless apps for milestones and developmental information, monitoring, lullabies and white noise, tracking, photos, nursing/pumping, health information (ask your child's provider for recommendations), babysitters and other care providers. Some apps combine many of the above with options to download reports to share.
